

# SATURDAY TREATMENT PROGRAM

The Saturday Treatment Program (SatTP) is a weekly behavioral intervention for children ages 6-12 with ADHD and related behavioral, emotional and learning challenges. The SatTP is based on our nationally acclaimed Summer Treatment Program and teaches parents and children skills to manage challenging behaviors and inattention.

## PARENTS:

Caregivers learn effective strategies to navigate challenging behavior and to promote positive changes at home and at school. Spanish sessions are available.

## CHILDREN:

Children receive a behavioral peer intervention designed to improve problem-solving and social skills, ability to follow instructions, and compliance with requests.
