Do you have a 6-12 year old child?

The ABC-ERICA Lab located at FIU's Center for Children and Families is recruiting participants for a research project evaluating heart rate, emotion, and behavior in children with and without ADHD (ages 6-12).

You and your child may be eligible to participate in this project, which offers a clinical assessment at no cost to you. You may also be compensated up to \$150 for your time and completing all study assessments.
