Some children are more prone to challenging behaviors and tougher to manage than others. Our Saturday Treatment Program gives both child and parent the opportunity to learn new skills, improving the quality of family life.

**PARENTS**
Caregivers learn effective strategies to reduce their child’s negative behaviors and promote positive changes at school and home.

**KIDS**
Children learn to develop social skills that promote positive peer relationships.

**SESSIONS**
- **Morning—9:30AM-12PM**
Classes are in English for both the parent and child portions
- **Afternoon—1:30-4PM**
Classes are in Spanish for the parent portion and English for the child portion
